

# *International Triumph Show at the National Agricultural Centre, Stoneleigh, Warwickshire*

by Jim Webb

Club Triumph was again on display at this annual event near Coventry where just about everyone in Triumph circles can be found, and if you can't find them, then it's a sure bet that you've just not crossed their path in the thick of it.

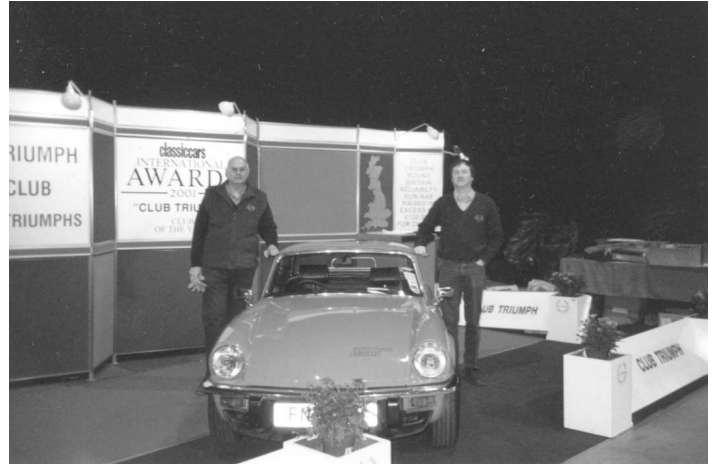

Stoneleigh in February is a date in the calendar not to be missed if you are passionate about Triumphs. This venue is the Mecca for spares, repairs and sales of all things Triumph.

*Christine and Jim Webb with Nigel Gair*

Michael Field provided us with his superb TR5 and Steve Waddingham did us the 'honours' by stepping in at the very last minute with his Spitfire to complete the display. Everyone involved in the stand felt so sorry for poor Graham Edgar as he suffered a major breakdown en-route to the venue and was unable to continue, but I'm sure we will be able to accommodate his lovely Triumph 2000 Mk.I at a future event. The TR5 attracted a great deal of attention resplendent in its beautiful green paintwork and was a welcome asset to our stand, whilst Steven's Spitfire is his everyday car and is a testimony to his enthusiasm given the fact that his car is so clean and tidy.

My thanks go to everyone involved in the construction, breakdown and transportation of the show and look forward to next year at Stoneleigh.

*Bob Banks and Keith Bennett with Steve Waddingham's Spitfire 1500*

*Shopkeeper Mel Evans at the ready*
